19 Mar 21	Sou C5 Hcap (0-70)	2/4	4.5	AW	64	12.1f	Std		Dylan Hogan (3)	5/1	7.8	-/4.6	4	104.4	38	f73
back on fibresand, wasted no time getting back on track, doing all that could be expected against one that was thrown in; held up, headway out wide around 4f out, chased leader early in straight, one paced.																
26 Feb 21	Lin C6 Hcap (0-65)	11/13	6	AW	64	12f	Slow		Dylan Hogan (3)	9/2f	6.75	-/6.2	4p	105.5	54	p64
proved to be a disappointment, even if he wasn't ideally placed; raced off the pace, took strong hold, struggling home turn, made no impression; his form last time hasn't worked out particularly well.

1 Jan 21	Sou C6 Hcap (0-65)	2/8	0.2	AW	62	11.1f	Std		Clifford Lee	4/1	6.83	-/1.37	3r	102.9	71	f72
ran best race, all the better for his reappearance, losing little in defeat to a more battle-hardened rival; in touch, chased leader 3f out, every chance over 1f out, stuck to task; he should prove capable of going one better.																
18 Dec 20	Wol C6 Hcap (0-65)	4/9	2.05	AW	62	12.2f	Slow		Callum Shepherd	3/1	4.1	-/1.5	2k	107.5	40	t70+
shaped encouragingly after 6 months off, looking likely to achieve more still at one stage but just seeming in need of the run; raced wide early, close up, went with enthusiasm, led early in straight, headed approaching last ½f, no extra; he may do better still and is one to be interested in.

ran to just a similar level as on debut over 2f longer trip but is at least now qualified for handicaps after this; held up, outpaced 3f out, plugged on, not unduly punished, never a threat; may still do better.
